Children's Name & Age

Parents as Teachers provides parents with:

- Personal Visits
- Developmental Screenings
- Resources
- Group Connections

PAT Children:

* At age 3 are significantly more advanced in language, social development, problem solving and other cognitive abilities, than comparison children.

* They also score higher on kindergarten readiness tests and on standardized measures of achievement in early grades.

PAT Parents:

* Are more involved in their children's schooling. Parental involvement is key to children's success in school.

* Are also more confident in their parenting role, and read more to their children.
